Overview

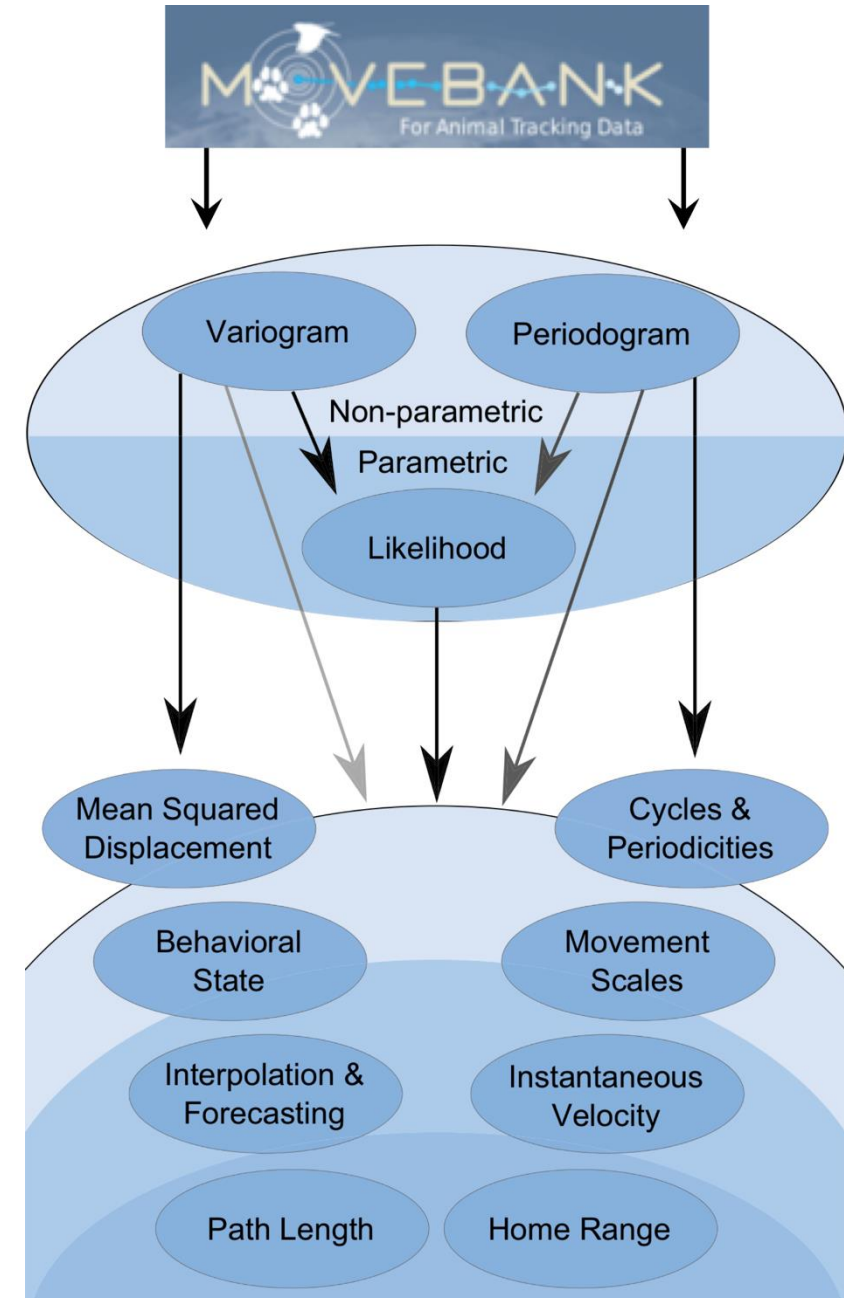

Overview

- 1) Conditional analyses
- 2) Applications

Overview

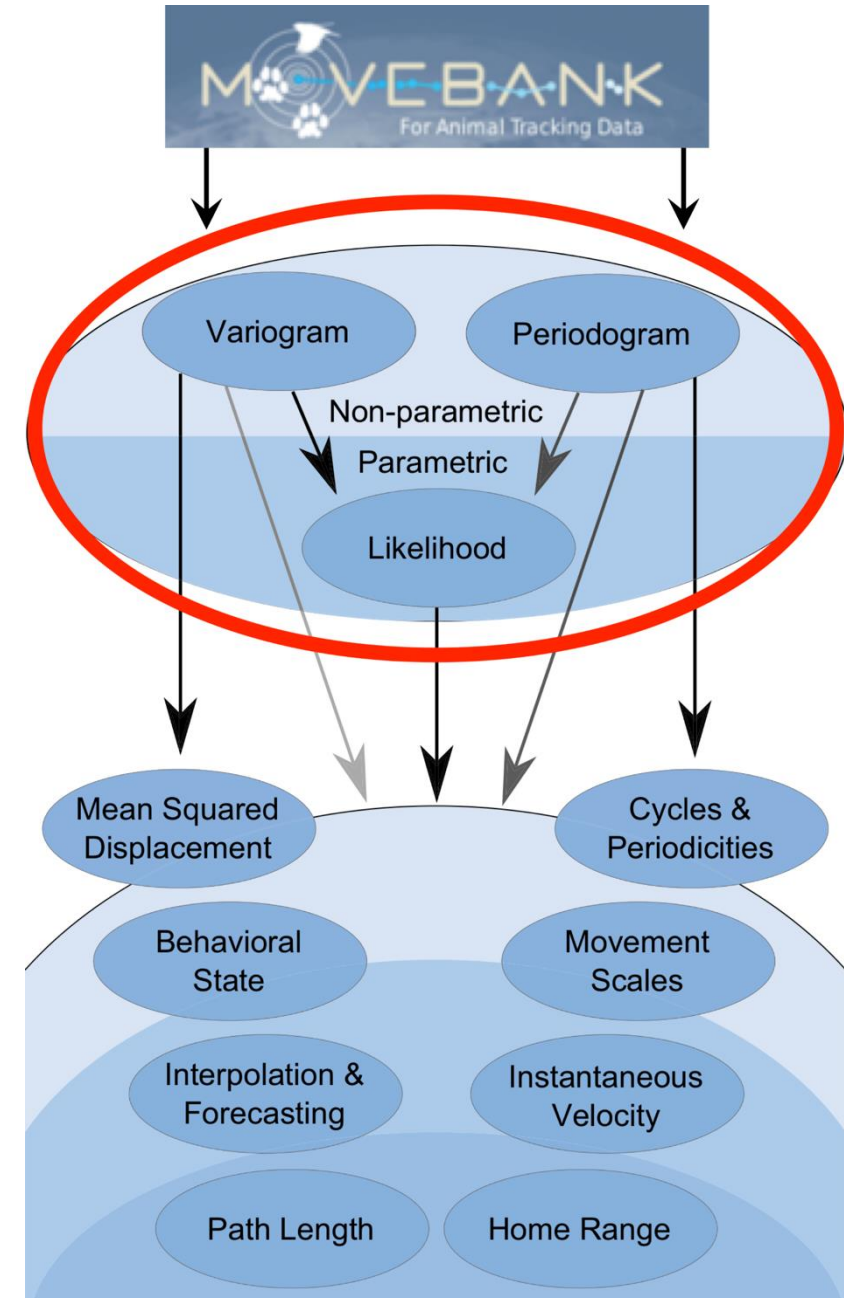

- 1) **Conditional analyses**
- 2) Applications

Conditional analyses

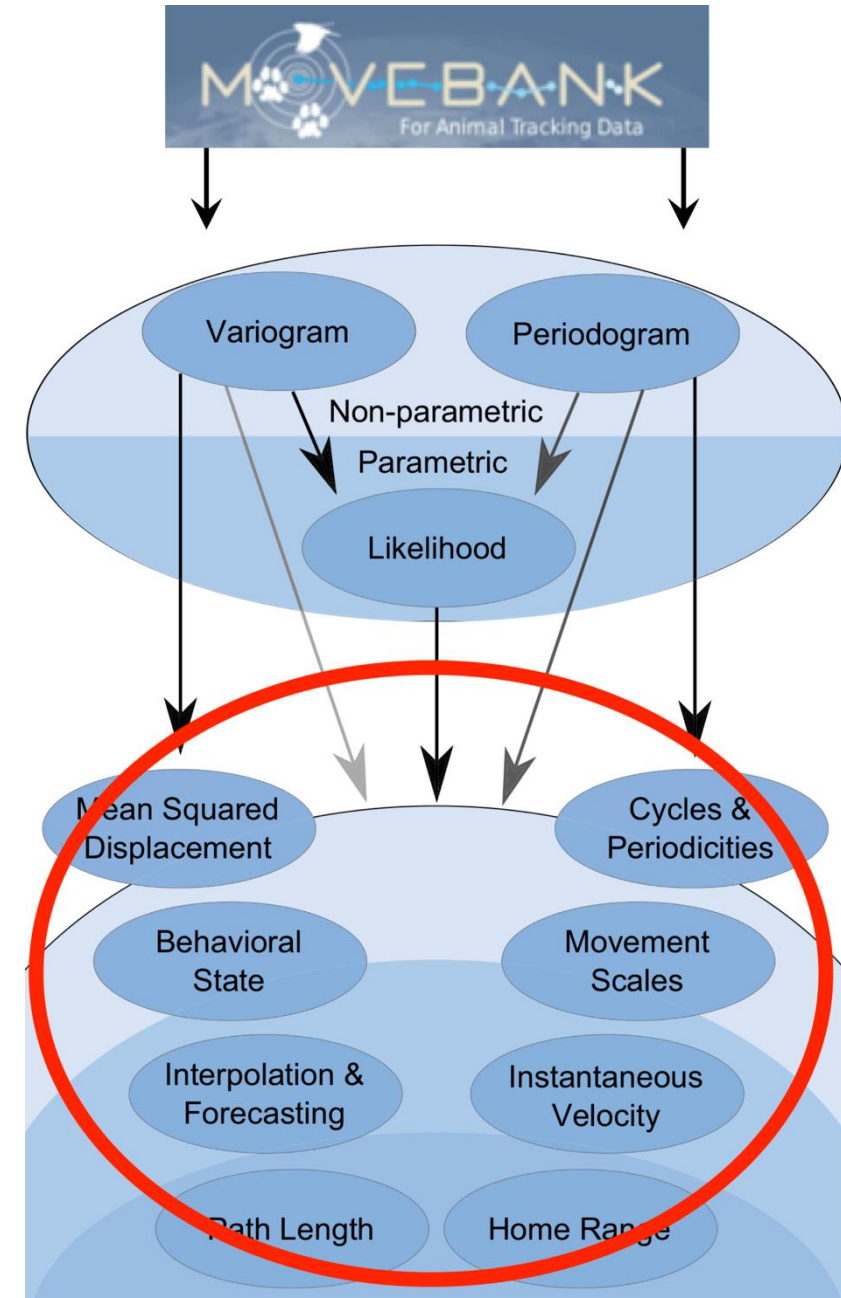

Conditional analyses

- Fitting movement models

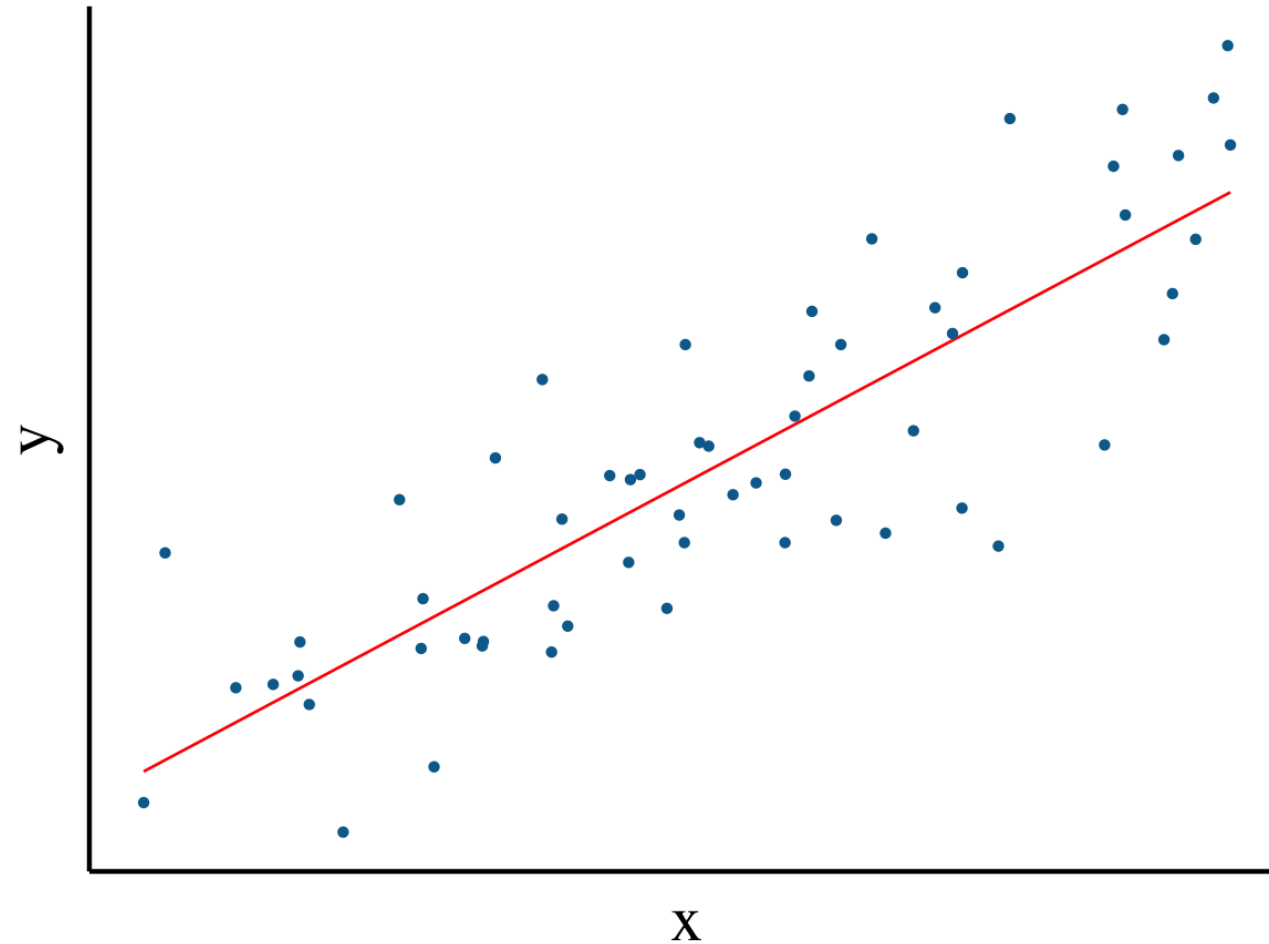

Conditional analyses

- Analyses that are conditioned on the fitted model

Conditional analyses

- Modeling

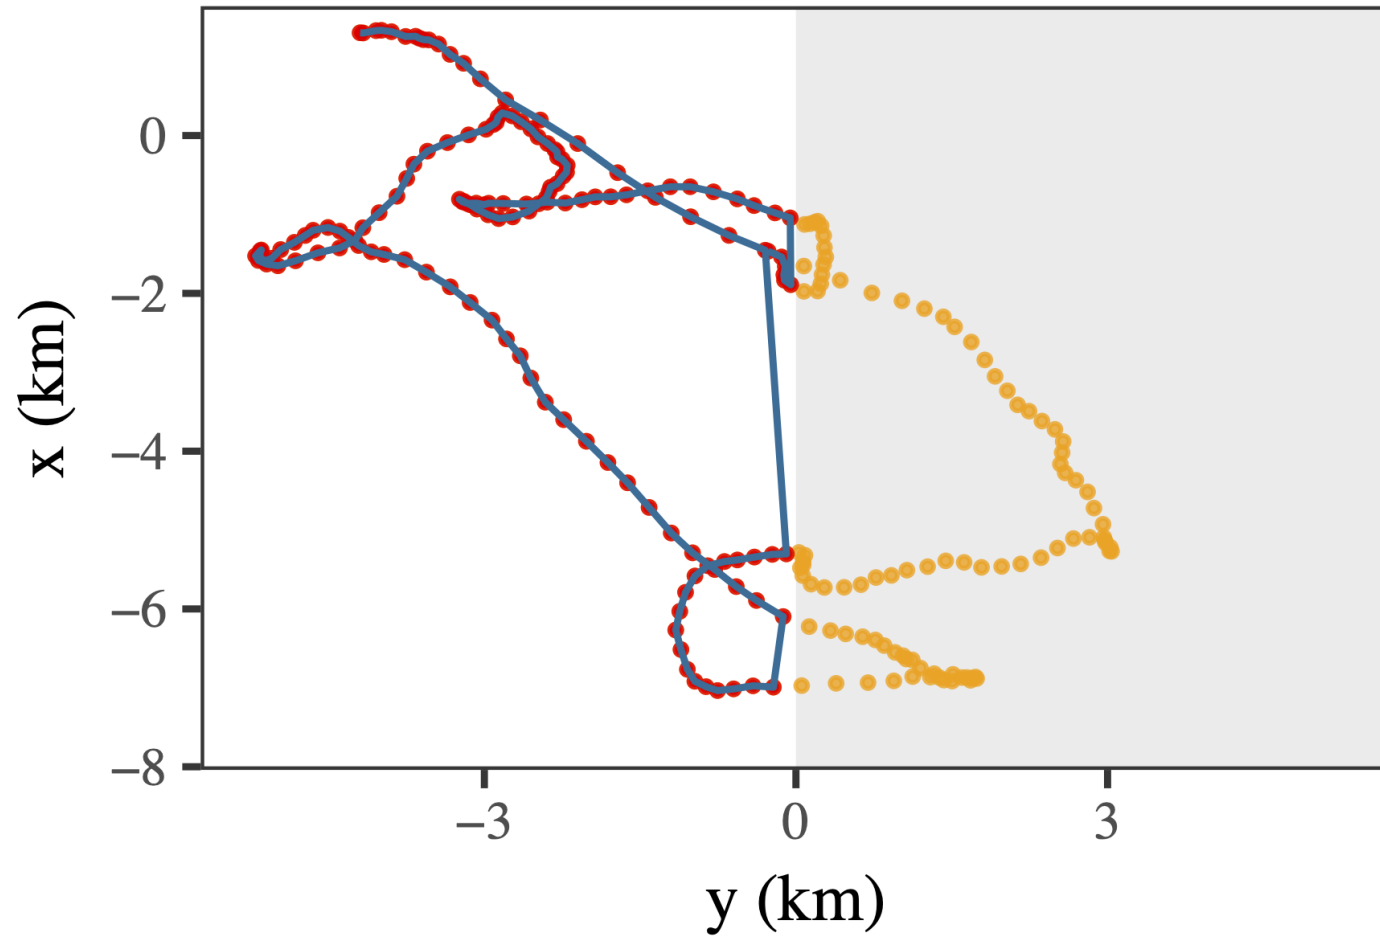

Overview

- 1) Conditional analyses
- 2) Applications**

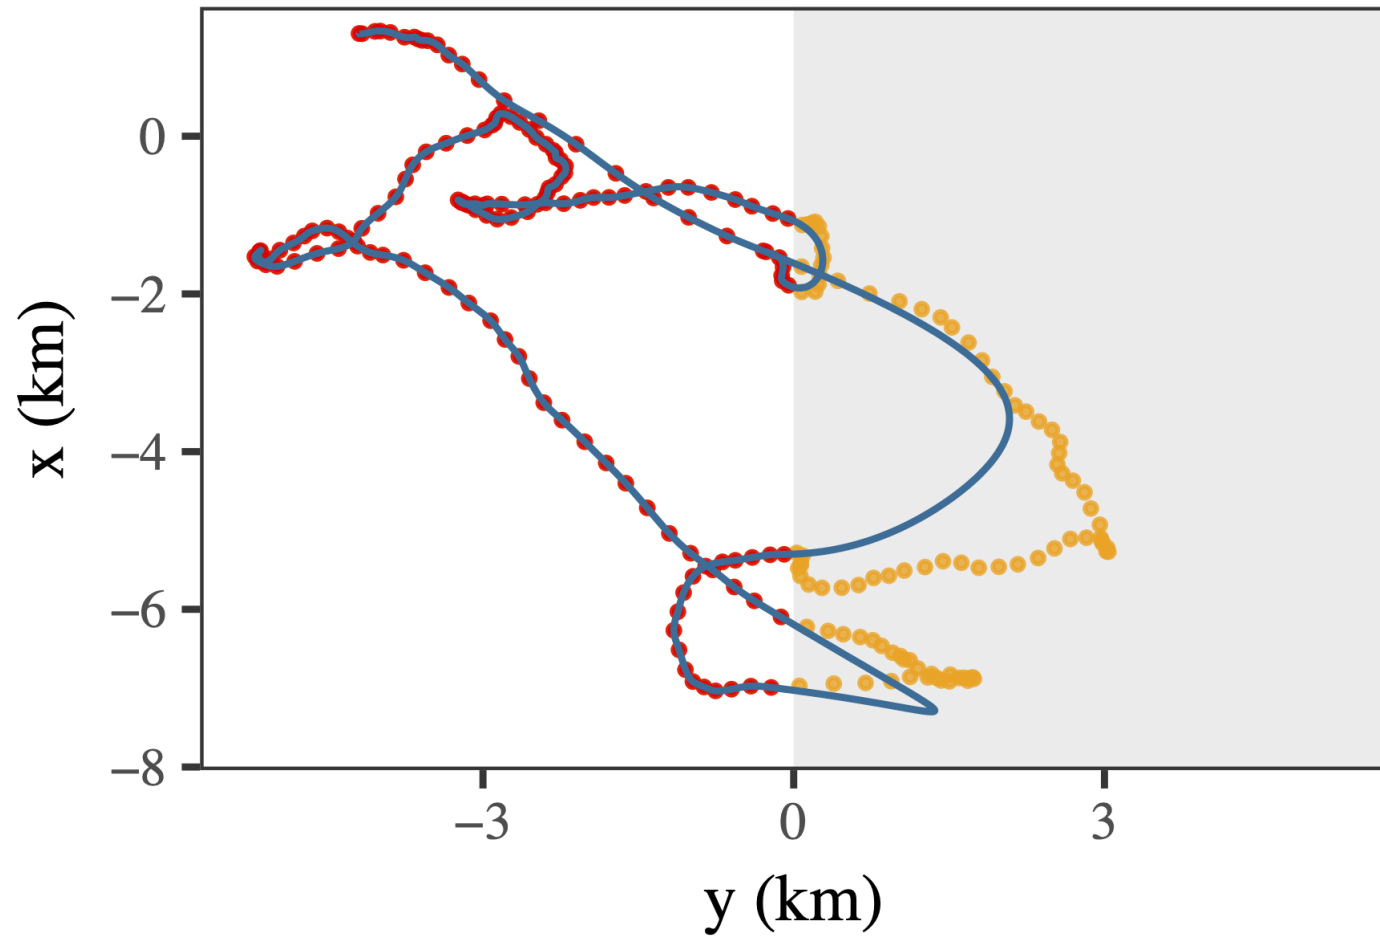

Applications

- Filling in gaps

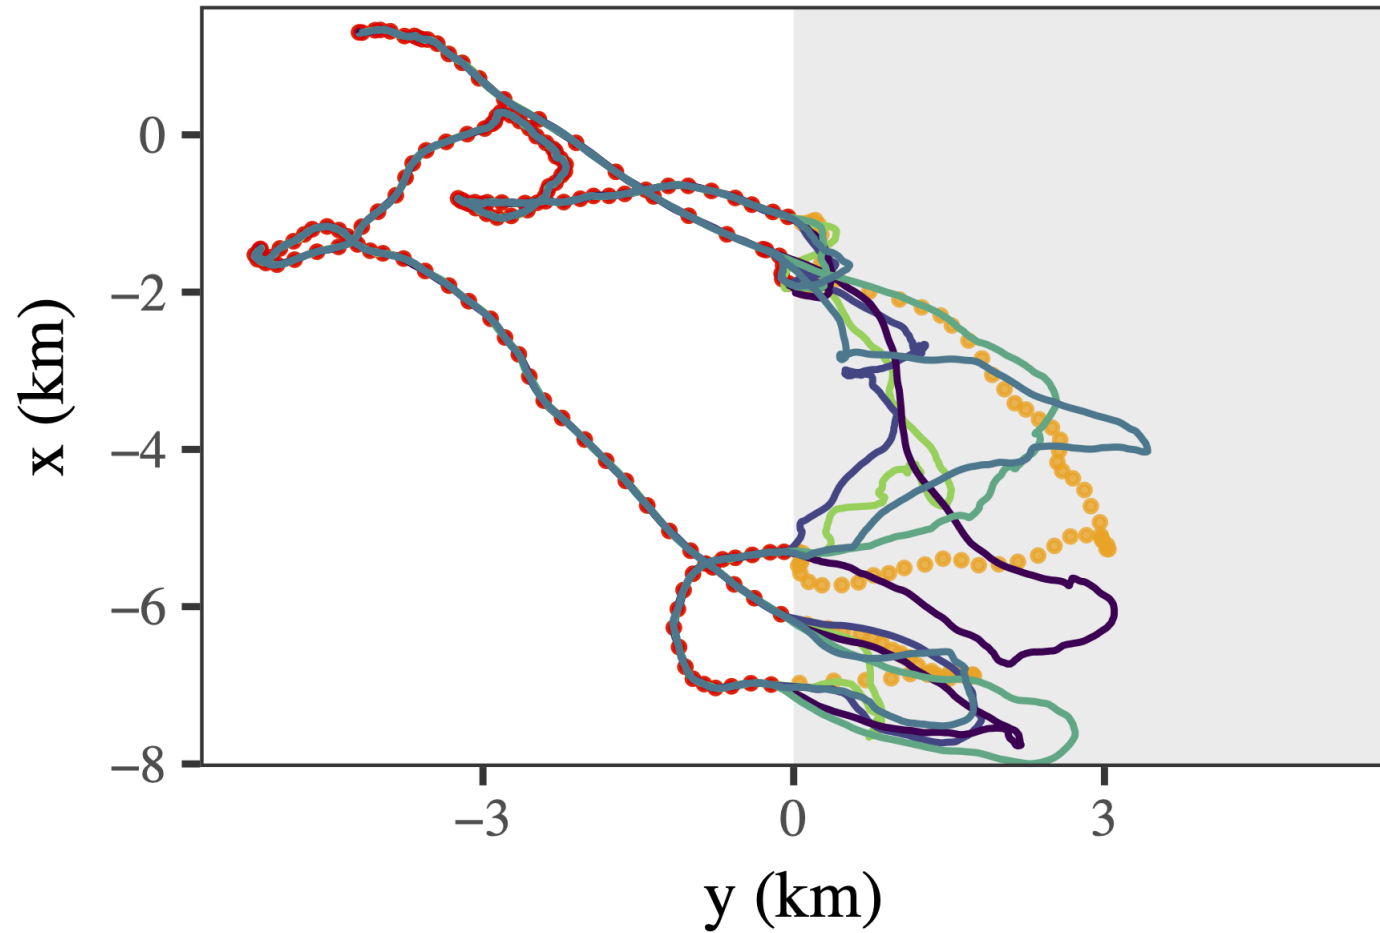

Applications

- Filling in gaps

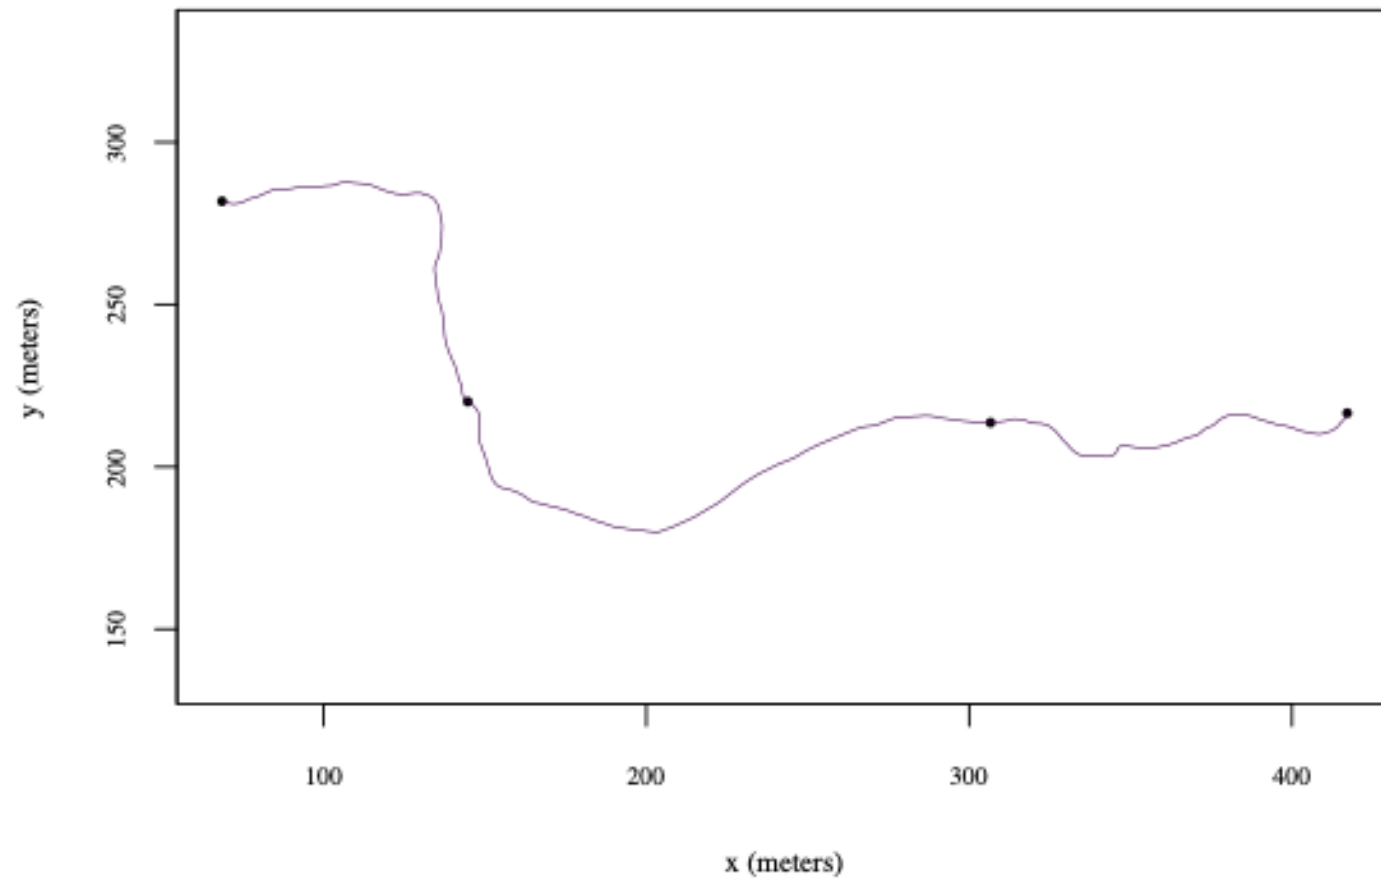

Applications

- Filling in gaps

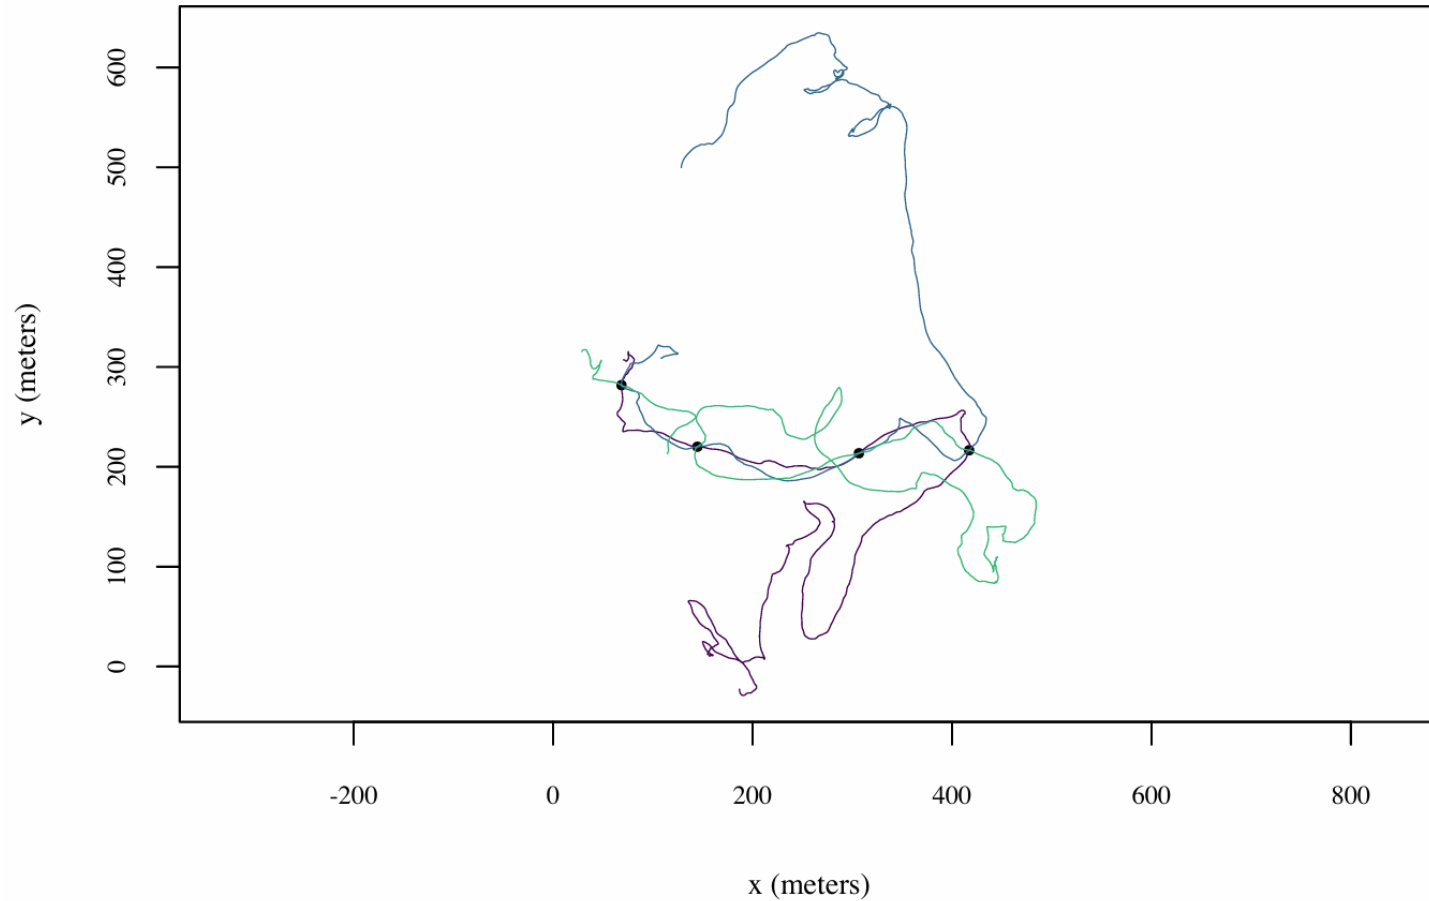

Applications

- Projecting

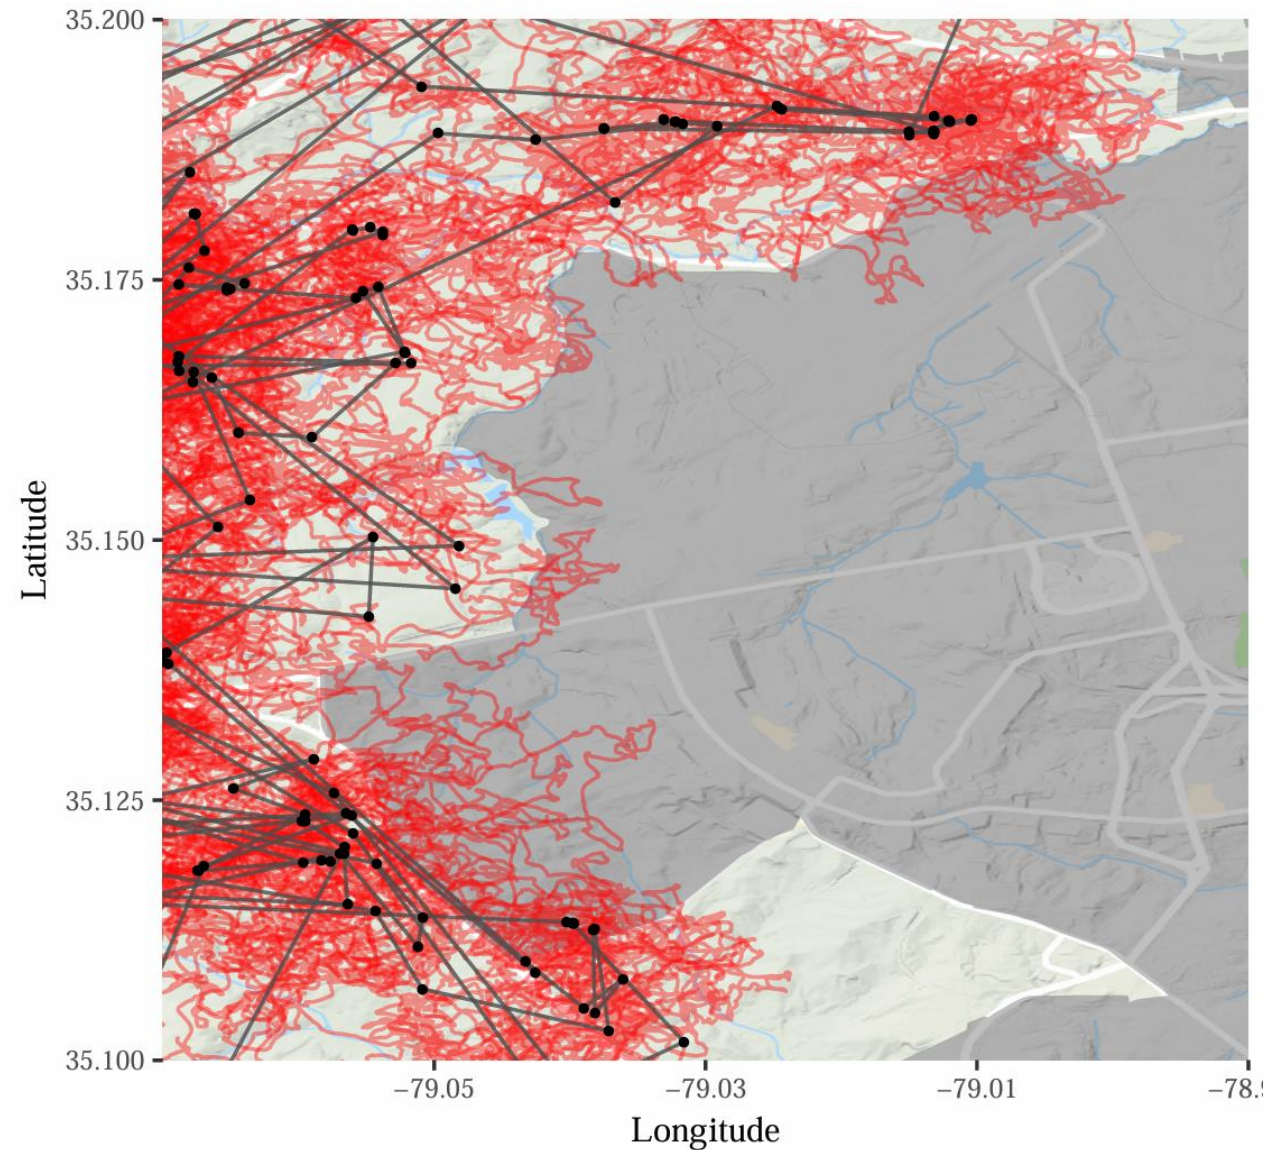

Applications

- Projecting beyond the sampling period

Applications

- Identifying areas of potential use
